NB: THINGS TO CONSIDER BEFORE LEAVING GAUTENG OR ANY OTHER CENTRE OF CIVILISATION

- The dirt road leading to Elements is poorly maintained. Avoid bringing luxury vehicles with low-profile tyres and limited ground clearance. The road is still accessible with Hatchback or Sedan vehicles but take it easy.
- Contact us if you are in doubt and ask about the condition of the road, especially during the rainy season.
- Cellphone reception is very inconsistent between any of the nearest towns and Elements.
- Bring along and look after your map/directions, and distribute them to the other drivers in your group to avoid getting lost.
- The closest shops are in Bela Bela and Modimolle, so if you have left anything behind, remember to stock up there.
